RADIO SAPIENZA
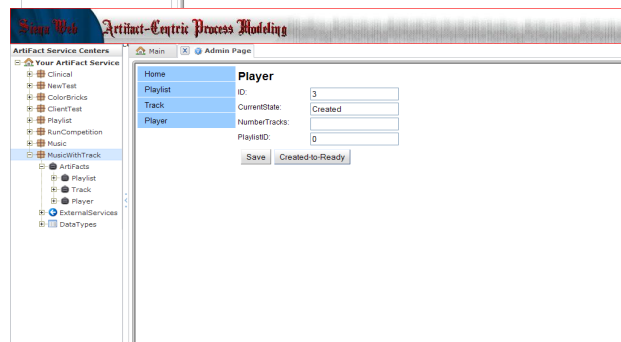

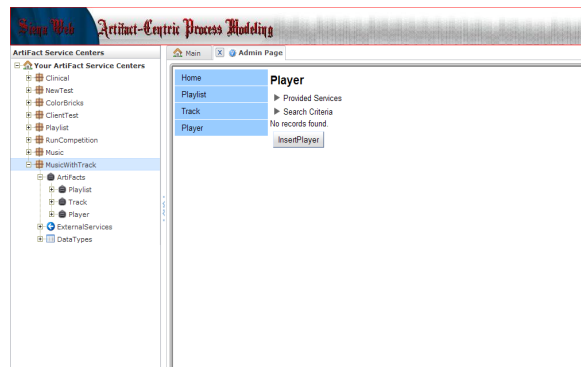

CREATE NEW PLAYER

INSERT PLAYER:

- In the menu, right click on the *MusicWithTrack* button and choose the option Redeploy.
- Click on the button *Player* in the menu that is in the left side on the main page and later click to *InsertPlayer*
- You can leave the fields empty.

PLAYER READY:

- Click on *Player* and select the player that you have created.
- Click on *Created-to-Ready* and the player is ready to play.

CREATE A NEW TRACK AND RETRIEVE THE INFORMATIONS

INSERT A TRACK:
- Click on **Track** in the main page.
- Click on **InsertTrack** in order to create a new instance of Track.

RETRIEVE THE TAG:
- Click on **RetrieveInfo** and write in the field FileName the name of the file that you want to upload (ex One.mp3)
- It is possible to upload only the music files that are stored on your computer(in the directory C:\)

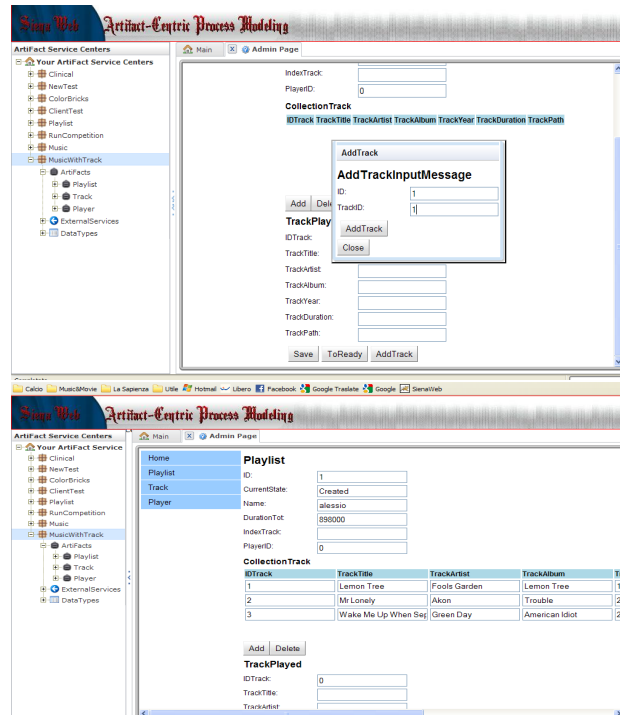

CREATE THE PLAYLIST

- Click on the button **Playlist** in the main Page and later on **InsertPlaylist**
- Insert the name of the playlist and click again on the button **InsertPlaylist**

ADD TRACKS TO THE PLAYLIST

- Click on the button *AddTrack* and insert the ID of the track that you want to add.
- You can repeat this operation for all the tracks that you want to add.
- At the end you can see the list of the tracks added in the field CollectionTrack

PLAY THE PLAYLIST

- Open WinAmp
- Click in Siena **PlaylistStart** and WinAmp starts to play.

CONTROL THE PLAYER

- You can control WinAmp from Siena using the buttons that are in the bottom.
- In TrackPlayed Siena shows the track that WinAmp is playing.
